

In addition to the seminars for families, please consider attending Meeting of the Minds Dementia Conference. To register for this conference go to: www.alz.org/mnnd/

BEHAVIORAL NEUROLOGY

presents

*Seminars for Families
impacted by:*

**Lewy body dementia,
Frontotemporal dementia
Primary progressive aphasia
Corticobasal degeneration
Progressive supranuclear palsy**

The **Meeting of the Minds Dementia Conference** is the premier dementia conference for persons with MCI or early dementia, families, friends and professionals. The conference is co-sponsored by the Alzheimer's Association Minnesota-North Dakota Chapter and Mayo Clinic, who work together to create a day designed to inform, equip and support persons with dementia, family caregivers and professionals. The historically sold-out conference will be held at the RiverCentre in St. Paul, Minnesota on Saturday, March 17, 2012

Registration deadline is ONE week prior to the seminar. Please complete this registration form and place it in a standard envelope, along with a check payable to Mayo Clinic. Mail to:

**Mayo Clinic FF 2-700, 200 First Street
SW, Rochester MN 55905**

Seminars for Families

Mayo Clinic Rochester, Department of Neurology offers comprehensive educational seminars for Mayo Clinic patients and their families recently impacted by a diagnosis of Lewy body dementia, Frontotemporal dementia, primary progressive aphasia, Corticobasal degeneration, and Progressive supranuclear palsy.

The full day educational program provides families with information helpful in understanding and coping with symptoms unique to their specific disease from experts in the field. Participants are in a supportive setting with other families dealing with a similar diagnosis.

Who should attend?

- Any supportive caregiver, family member or relative who wants to know more is invited to attend.
- Persons diagnosed with the disease are welcome to attend; however, the content is designed for families and care partners. Please take into consideration the length of the day (7 hours) when deciding those best suited to attend.
- As space permits, non-Mayo Clinic patients, families, and care professionals may also register.

2012 Schedule:

Each seminar is from 9:00 a.m. – 4:00 p.m.

January 16 — Lewy Body Dementia Seminar

March 12 — Frontotemporal Dementia and Primary Progressive Aphasia Seminar

June 4 — Corticobasal Degeneration and Progressive Supranuclear Palsy Seminar

Location:

The program takes place at Rochester Mayo Clinic at the Assisi Heights Conference Center. Once registration is received, a confirmation letter including location and directions will be mailed.

Cost:

\$25/person

The program cost includes lunch and refreshments. Scholarships are available on a limited basis. To request a scholarship, please contact our administrative assistant at 507.284.1324.

Seminar Topics

May vary

- Core features and symptoms of the disease
- Current treatment and therapies
- Disease progression
- Understanding behavior symptoms
- Discussion groups
- Topic specific breakout sessions
