Is Your Life Touched by FTD?

Join AFTD Board Member and Vice Chair Bonnie Shepherd for an informal gathering to meet others in your community whose lives have been affected by FTD.

Special guest and former AFTD Board Member, Lisa Radin, will be in attendance to present on her book, *What If It's Not Alzheimer's?*, and discuss how it can help the FTD community.

- **Connect** with others in the area whose lives have been affected by FTD.
- **Learn** more about AFTD events, programs and resources.
- **Discover** how you can get involved.
- **Share** time with others in your community.

Monday, December 11, 2017

5:30 p.m. – 7:30 p.m.

WHAT IS FRONTOTEMPORAL DEGENERATION?

Frontotemporal degeneration is a rare brain disease that strikes people in the prime of their life, gradually destroying their personality, ability to speak, make sound decisions, move and/or behave within social norms. Clinical diagnoses may include: behavioral variant FTD, primary progressive aphasia, progressive supranuclear palsy, corticobasal degeneration, and FTD with motor neuron disease.

WHAT IS THE ASSOCIATION FOR FRONTOTEMPORAL DEGENERATION?

The Association for Frontotemporal Degeneration (AFTD) is a non-profit organization whose mission is to improve the quality of life of people affected by FTD and drive research to a cure. www.theaftd.org
