#### **Independent Auditors' Report**

To the Board of Directors The Association for Frontotemporal Degeneration Radnor, Pennsylvania

We have audited the accompanying statements of financial position of The Association for Frontotemporal Degeneration (a nonprofit organization) as of June 30, 2012 and December 31, 2011, and the related statements of activities, functional expenses and cash flows for the six months ended June 30, 2012 and the year ended December 31, 2011. These financial statements are the responsibility of The Association for Frontotemporal Degeneration's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Association for Frontotemporal Degeneration as of June 30, 2012 and December 31, 2011, and the changes in its net assets and its cash flows for the six-month period ended June 30, 2012 and the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

June 30, 2012 and December 31, 2011

#### NOTE A ORGANIZATION

The Association for Frontotemporal Degeneration (the "Organization") was incorporated under the laws of the Commonwealth of Pennsylvania in November 2002 as a nonprofit corporation. The Organization is a nationwide organization whose mission is to promote and fund research into finding the cause and cure for frontotemporal degeneration (FTD); to provide information, education and support to persons diagnosed with FTD and their families and caregivers; and to educate physicians and allied health professionals about FTD. The Organization's major source of support is contributions.

In February 2011, the Organization legally changed its name from The Association of Frontotemporal Dementias to The Association for Frontotemporal Degeneration.

Effective June 30, 2012, the Organization has elected to change its fiscal year-end to June 30.

#### NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

#### Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

#### Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months. The carrying value of cash and equivalents approximates fair value because of the short maturities of those financial instruments.

#### **Property and Equipment**

Acquisitions of property and equipment in excess of \$500 are capitalized. Equipment is stated at cost or, if donated, at the approximate value at the date of donation. Depreciation of equipment is provided utilizing the straight-line method over the estimated useful life. Depreciation expense for the six months ended June 30, 2012, was \$992. Depreciation expense for the year ended December 31, 2011, was \$1,487.

NOTES TO FINANCIAL STATEMENTS

June 30, 2012 and December 31, 2011

#### **Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Temporarily restricted contributions are reported as temporarily restricted support and are reclassified upon expiration of the restriction.

#### **Expense Allocation**

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### **Donated Services**

A substantial number of volunteers have donated significant amounts of their time to the Organization and its programs; however, these donated services are not reflected in the financial statements since these services do not meet the criteria for recognition as contributed services

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Date of Management's Review

Management has evaluated subsequent events through September 21, 2012, the date which the financial statements were available to be issued.

#### NOTE C INCOME TAXES

The Organization has been granted tax-exempt status as a nonprofit organization under Section 501(c)(3) of the Internal Revenue Code and, accordingly, files federal tax Form 990 (Return of Organization Exempt From Income Tax) annually.

The Organization believes it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements. The Organization's federal tax returns filed after June 30, 2009, are subject to examination by the IRS, generally for three years after the tax returns were filed.

NOTES TO FINANCIAL STATEMENTS June 30, 2012 and December 31, 2011

#### NOTE D TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following purposes:

	2012	. <del></del>	2011
FTD Drug Discovery Project	\$ 38,122	\$	10,423
Research, other	104,898		72,753
Caregiver Respite	-		4,540
Families with Children	2,459		5,000
FTD Treatment Study Group	11,260		
	\$ <u>156,739</u>	\$ <u></u>	92,716

#### NOTE E LEASE AGREEMENT

The Organization leases office space in a corporate center through August 2014. Total rental expense for the six months ended June 30, 2012 and the year ended December 31, 2011, was \$12,690 and \$25,122, respectively.

Future minimum lease payments are as follows:

Year Ending June 30,	
2013	\$ 50,868
2014	 51,866
	\$ 102,734

#### NOTE F FUND-RAISING EXPENSES

Total fund-raising expenses for the six months ended June 30, 2012 and the year ended December 31, 2011, were \$71,478 and \$113,512, respectively, representing 15.7% and 11.1% of total support revenue. The ratio of expenses to amounts raised is computed using actual expenses and related support on an accrual basis.

NOTES TO FINANCIAL STATEMENTS June 30, 2012 and December 31, 2011

#### NOTE G CONCENTRATIONS

From time to time, cash balances may exceed amounts insured by the Federal Deposit Insurance Corporation. The Organization deposits its cash with creditworthy institutions and has not experienced any losses on such amounts and believes it is not exposed to any significant credit risk on cash.

During the six months ended June 30, 2012, contributions from one contributor were \$50,000, representing 11.0% of total support.

During the year ended December 31, 2011, contributions from one contributor were \$226,525, representing 22.2% of total support.

#### NOTE H FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a valuation hierarchy for disclosure of the inputs to the valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on assumptions used to measure assets and liabilities at fair value.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Investments in shares of corporate equities have quoted prices for identical assets in active markets; therefore, the investments are measured at fair value using these readily available Level 1 inputs.

Donations of marketable securities are recorded as contributions (\$684 for the six months ended June 30, 2012, and \$296,283 for the year ended December 31, 2011) on the date of donation at their fair values, which are based on quoted market prices (Level 1 inputs).

#### NOTE I CONTINGENT GRANT AWARDS

The Organization awards respite grants to reimburse caregivers for expenses incurred in acquiring respite. These grants are contingent upon the caregiver requesting reimbursement for eligible costs incurred and providing the Organization with proper documentation. The grants expire six months after the award date. At June 30, 2012, there was \$18,862 of unexpired grants awarded; however, the Organization has not received any reimbursement requests.
