**EVENT DETAILS:** Light appetizers will be followed by caregiver stories, panel discussion, and an interactive Q&A session.

**WHAT IS FTD?:** Frontotemporal Degeneration (FTD) represents a group of brain disorders caused by degeneration of the frontal and/or temporal lobes of the brain. It tends to impact a much younger population which causes a much greater impact on families, work, and finances.

**ABOUT US:** Our goal is to promote awareness and cultivate compassion and greater resilience around this heartbreaking disease.

**REGISTRATION:** The deadline to register is May 4, 2023.
